Race Day at the Runway

November 4th is just around the corner and the committee is hard at work preparing for their high-flying lunch, Race Day at the Runway, at the Quirindi Airport Hangar. With the Melbourne Cup projected live on a large screen, sweepstakes and a Fashions in the Field contest, the event will bring all the classic fun of a Melbourne Cup day, with the addition of a unique venue and a delicious lunch provided by the Hunted Gourmet team.

The highlight of the day however may end up being the virtual farm auction game. Tables will bid against each other to win a piece of 'land' whose yield could be far greater than they first imagined.

There is a fantastic line up of prizes. A professional auctioneer will be running the show, so it's set to be a highly entertaining event.

The committee is hoping for a great turnout to support the Farming For Kids endeavour, both in terms of raising funds for the input costs for the 2015 year and raising awareness of the project in the general community as well as recognising and showing appreciation to all those who have sponsored Farming for Kids Inc., and Race Day at the Runway, of whom there are many. If you haven't done so already, head down to Shoppe Two Ten to buy your tickets for this fantastic event or text/phone 0429 474044 to book your tickets. We look forward to seeing you on the day.

Crop Progress Report

As you can see from this photograph taken on 30th September, the wheat has established well. The group are still expecting to harvest in late November.

The crop has been fertilised and the weeds kept under control, so it's looking fantastic given the season. The group are doing a few rain dances, which should bring in a good fall in a week or two – probably on our Melbourne Cup lunch day.

A quick reminder...

As members you are more than welcome to contribute information, advice, opinions, time, services – anything you think that might add to the success of the organisation. We are still very much in the recruiting phase of our membership, so if you know of anyone who would like to be a member, please encourage them to join. Remember you can find us on Facebook – Farming 4 Kids Inc.
